Contributions to the "Paces for Faces" Walk will directly support these important FFC initiatives:

1. **Annual Scholarship Awards Program**: Established in 1999, the scholarship program recognizes young adults from New England who were born with a facial difference and assists them in their pursuit of a post-secondary education.
2. **Information**: FFC is committed to providing useful, accurate information in the form of brochures and DVDs, including:
   - "Understanding Cleft Lip & Palate: A Guide for New Parents," video produced in both English and Spanish for family members, healthcare professionals and anyone interested in learning more about this common craniofacial condition
   - "Cleft Lip and Palate (CLP): Helping the Newborn Thrive — A Guide for Clinicians and Parents," video produced in both English and Spanish for clinicians and parents
3. **"Facing the Future" newsletter**: includes reports about FFC activities; stories of those affected by craniofacial differences; and timely and newsworthy information on medical advances
4. **Family Support and Networking Opportunities**
5. **Informational Seminars/Workshops**
